IAP inconsistencies and limits

- Valhalla security: narrative plan states 5 deputies, while the roster shows 6.
- Golf: narrative states 2 deputies, while the roster shows 1 deputy.
- June 10 evening reception/music venue: narrative describes 7 positions (4 plus 3); roster names 6 deputies and says reception posts move to the music venue after reception.
- Rubicon deputies are listed as "Off Trail," and Air Ops staff have "TBD" hours. These assignments are not included in the 493 timed hours.
- The IAP describes planned staffing and operational assets; it does not establish actual attendance or actual hours worked.

What the IAP does not establish

The listed schedules and resources are plans. The IAP does not verify attendance, actual hours worked, overtime, costs, completed trips, or whether every assignment occurred.

Sources and method

Method

Scheduled assignment windows were summed by personnel group. These are planned windows, not verified attendance or actual hours worked. Rubicon assignments marked "Off Trail" and Air Ops assignments marked "TBD" are not included in the timed total. The IAP does not provide verified timekeeping or cost totals.

Spouse-related security and transportation assignments

The IAP schedules dedicated security around spouses' June 11 activities and marine resources for the June 10 spouses-only cruise. It also assigns five transport vehicles on each of those days.

June 11 shopping: The security plan assigns two plainclothes deputies and one sergeant to the spouses' Margaritaville meeting, then to their lunch and shopping at Heavenly Village.

June 10 | Spouses-only Rum Runner cruise

Schedule, IAP p. 3: The 1400 activity is titled "Spouses Rum Runner Emerald Bay Cruise (spouses only)" and is described as walking distance from Valhalla to Camp Richardson Marina.

Security Plan, IAP p. 8: One plainclothes sergeant is assigned aboard the Rum Runner from 1330 to 1630. An EDSO marine unit is assigned nearby for safety observation.

Marine ICS 204, IAP p. 11: A two-deputy Tahoe patrol-boat crew is scheduled 0700-1700, with the boat to be anchored in the bay off Valhalla by 0800. Weather permitting, two EDSO jet skis are scheduled on the lake by 1300 to accompany the Rum Runner during the "family tour"; two deputies are assigned to operate them from 1300-1700.

June 11 | Breakfast, spouses' meeting, lunch, and shopping

Schedule, IAP p. 3: The day includes 0730 breakfast, a 1000 Shari's Berries demonstration marked "spouses only," and 1200-1300 lunch for Board Meeting attendees, with spouses invited.

ICS 204 roster, IAP p. 9: One sergeant and two deputies are listed for "Margaritaville/Spouses Events," scheduled 0700-1500.

Security Plan, IAP p. 10: One sergeant and two deputies are assigned plainclothes roaming patrol around the breakfast area and lobby, 0700-0900. The plan then assigns two plainclothes deputies and one sergeant to the spouses' Margaritaville meeting, 1000-1200, and to security as the group moves to Heavenly Village for lunch and shopping. The plan identifies the sergeant as the group's direct point of contact and directs the deputies to wear identifying lanyards. The roster shows three positions for eight hours each; the security plan describes coverage from 0700-0900 and 1000-1500 and says the group also covers breakfast.

Transportation assignments and IAP limits

June 10: The schedule provides transportation to the Valhalla Memorial Walk and reception. It describes the spouses' cruise as walking distance to the marina. The Transportation ICS 204 (IAP p. 12) assigns five vehicles and transport staff 0630-1800.

June 11: The Transportation ICS 204 (IAP p. 13) assigns five vehicles and transport staff 1530-2200. The dinner shuttle departs the hotel at 1630, and the schedule says guests may drive themselves. The IAP does not state how the spouses' group traveled from Margaritaville to Heavenly Village.

The IAP does not identify a specific threat prompting the spouse-related security assignments, who requested or approved them, the actual passengers or trips, or actual hours and costs. These details are not established by the plan.
